In response to applicant's filing dated March 26, 2004. The following action is taken:

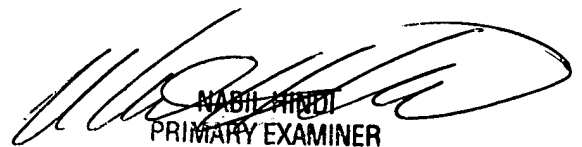

Claims 1-60 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited prior art shows or teaches an optical disk having a phase difference correction structure formed on the surfaces of at least the objective lens or the first optical element. The chromatic aberration correction is done when the first light source varies by 1 nm from the first wavelength and corrects a varied aberration quantity at the same position on the optical axis before and after the wavelength variation to 0.03 rms or less..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. 6,870,805.

Any inquiry concerning this communication should be directed to NABIL Z. HINDI at telephone number (571) 272-7618.
